We will be seeking participants, mentors and instructors to make this program a success. Partnering states are Illinois, Colorado, Iowa, Ohio and Utah.
- As part of the program, five member teams of library staff will attend three three-day, in person sessions over the course of nine months. ILEAD USA will be held March 25 – 28, June 17 – 20, and October 21 – 24, 2013.

Library Leadership Ohio

- Library Leadership Ohio 2012 took place at Deer Creek State Park on July 25-27, 2012. The three day event was facilitated by the Ivy Group.
- As part of the Library Leadership experience, participants must work on a group projects. Projects will: help solidify the concepts learned at Library Leadership Ohio, bring Library Leadership participants and others together into on-going dialogues on issues of statewide importance, and meet the criteria for LSTA support. Groups will be reporting back throughout the next year and project results will be shared with the Ohio library community.
- Preliminary review of LLO evaluations indicate that the event was successful. Evaluations will be reviewed in-depth and used to develop Library Leadership Ohio 2014.
- Questions regarding Library Leadership Ohio should be addressed to Ashlee Tominey, atominey@library.ohio.gov.

- Release of the next full grant RFP which would normally occur in January is on hold. The uncertainty of the federal budget as well as the review of LSTA grant categories and processes necessitates this temporary suspension of competitive grants.

- The redesigned Ohio Ready to Read website (<http://www.ohreadytoread.org/>) offers a wealth of early literacy resources including tools to help you advocate, establish community partnerships, reach out to families and caregivers, and learn about early childhood development. Ohio librarians may also use the website to request Ready to Read training at their libraries and to reserve a traveling Ohio Ready to Read kit (full of useful materials for their programs or workshops).

Public Library Statistics

- The 2012 Public Library Survey is now available and public libraries may begin inputting their data.
- The State Library will be using Counting Opinions and the LibPAS (Library Performance Assessment) solution for the collection of 2012 data. The move to Counting Opinions LibPAS will assist both the State Library and Ohio libraries in better capturing and using data. This is especially important as the State Library assumes responsibility for the public library salary survey.
- The collection of 2012 data incorporates questions from the OPLIN/OLC data center survey.
